

## Sharon Koss Scholarship Fund

In July of 2010, LWHRA established the Sharon Koss Scholarship Fund in memory of one of our most influential and beloved members. Sharon was a founding member of our chapter, and a primary sponsor of our Certification Study Group. She was a dedicated friend and supporter, mentoring an untold number of HR professionals through her personal relationships, her professional development programs, and her networking activities. For more on Sharon's legacy, please see "In Remembrance, Sharon Koss" on the homepage of our website.

The Sharon Koss Scholarship Fund was created specifically to benefit chapter members and other HR professionals seeking their PHR, SPHR or GPHR credentials from the Human Resource Certification Institute. In particular this fund is established to help defray the costs associated with our chapter's Certification Study Group, although any reasonable request for support in pursuit of certification is welcomed. The LWHRA Scholarship Committee, and Sharon Koss Scholarship Fund Committee Chair Nikki Clarke, are already providing much needed assistance, and planning ways to continue raising money for this important cause.

Please consider making a donation today. Checks may be made to the Lake Washington Human Resource Association, for the Sharon Koss Scholarship.
